MIAMI-DADE
COUNTY

Date: July 3, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Recommendation for Approval to Award: Continuous Form High-Speed Printers

Agenda Item No. 9(A)(3)

Recommendation

It is recommended that the Board of County Commissioners (Board) award this contract to Oce North America to purchase, implement, and maintain two refurbished continuous form high speed printers for the Information Technology Department (ITD). ITD uses these printers to produce high-volume print jobs, which include various reports and notices, employee pay stubs, utility bills, subpoenas, and judicial calendars for several County departments. The existing equipment has reached the end of its useful life and must be replaced in order to ensure continuity of services.

Contract Number and Title

RFP809, Continuous Form High-Speed Printers

Scope

The impact of this item is countywide in nature.

Fiscal Impact/Funding Source

The fiscal impact for the initial four-year term and the four, one-year options-to-renew is \$2,267,000 and budgeted from Internal Service Funds.

Term	Allocation	Term Description
Initial Four-Year Term	\$ 1,251,000	First year includes purchase of the required equipment, technical support, and consumables. Years two through four include maintenance of the equipment, technical support, and consumables.
First One-Year Option-to-Renew	254,000	For continued maintenance of the equipment, technical support, and consumables.
Second One-Year Option-to-Renew	254,000	
Third One-Year Option-to-Renew	254,000	
Fourth One-Year Option-to-Renew	254,000	
Cumulative Value	\$ 2,267,000	

Note: The prior contract was for \$1,195,000 for three years and nine months for maintenance support services only.

By selecting to purchase refurbished equipment, the County is able to obtain the equipment at a lower cost when compared to the purchase of new equipment, representing a cost avoidance of \$402,818. The County will also not incur \$31,924 in interest charges that would have been assessed to finance the purchase of new equipment. Additionally, the County's negotiation team negotiated savings of \$46,702 from the original proposed price of the refurbished equipment.

Track Record/Monitor

ITD is the user department and the Internal Services Department monitors the contract. Beth Goldsmith is the Procurement Contracting Officer.

Delegated Authority

If this item is approved, the County Mayor or the County Mayor's designee will have the authority to exercise, at their discretion, contract modifications, subsequent options-to-renew and extensions, and to issue work orders in accordance with the terms and conditions of the contract.

Background

A Request for Proposals (RFP) was approved for advertisement on November 8, 2011 and issued under full and open competition. The solicitation allowed for proposers to provide the County with the option of either purchasing new or refurbished equipment. The recommended vendor, Oce North America, proposed both the best technical solution to meet operational needs, and at the lowest cost. Based on

the cost proposal submitted to the County, ITD elected to purchase refurbished equipment which has been certified by the vendor and will be maintained by the vendor throughout the life of the contract.

The vendor is required to furnish and install the equipment inclusive of all necessary hardware, software licenses, integration services, consumables, technical support services, training services, and ongoing maintenance services during the contract term. Award of this contract will enable ITD to gain efficiencies through the new enhanced technology, which will enable print jobs to be completed in less time and at a better price than the current dated legacy equipment.

Any such dispute shall be brought, if at all, before the County Mayor within 10 days of the occurrence, event or act out of which the dispute arises.
- e) The County Mayor may base this decision on such assistance as may be desirable, including advice of experts, but in any event shall base the decision on an independent and objective determination of whether Contractor's performance or any Deliverable meets the requirements of this Agreement and any specifications with respect thereto set forth herein. The effect of any decision shall not be impaired or waived by any negotiations or settlements or offers made in connection with the dispute, whether or not the County Mayor participated therein, or by any prior decision of others, which prior decision shall be deemed subject to review, or by any termination or cancellation of the Agreement. In addition, the Contractor agrees to cooperate fully and provide any assistance necessary to ensure the confidentiality of the Confidential Information.
- c) It is understood and agreed that in the event of a breach of this Article damages may not be an adequate remedy and the County shall be entitled to injunctive relief to restrain any such breach or threatened breach. Unless otherwise requested by the County, upon the completion of the Services performed hereunder, the Contractor shall immediately turn over to the County all such Confidential Information existing in tangible form, and no copies thereof shall be retained by the Contractor or its employees, agents, subcontractors or suppliers without the prior written consent of the County. ARTICLE 32. STATEMENT OF WORK

Prior to the commencement of Services for any Project, the County and the Contractor shall mutually agree upon the terms and conditions required to complete a Statement of Work ("SOW") for the specific Project that shall define in detail the Services to be performed. After the SOW has been accepted a detailed requirements and detailed design document shall be submitted illustrating the complete financial terms that govern the SOW, proposed Project staffing, anticipated Project schedule, and other information relevant to the Project. Each SOW executed hereunder shall automatically incorporate the terms and conditions of this Agreement.

ARTICLE 33. REVIEWING DELIVERABLES

The Contractor agrees to submit all Deliverables required to be submitted for review and approval by the County in accordance with the specific requirements in the Scope of Services, and as specified in Appendix D "Acceptance Criteria". The Contractor understands that the County shall have final approval on all Deliverables.

In reviewing the Deliverables, the Contractor understands that the County will provide the Contractor with:

- i. a written notification of the County's approval,

- ii. a written notification that each Deliverable is approved subject to the Contractor providing prompt correction of a minor deficiency, or,
- iii. in the case of a Deliverable that does not meet the requirements of the Agreement, a written notification of the County's disapproval. The County's disapproval notification will state with reasonable detail to sufficiently advise the Contractor of the basis on which the Deliverable was determined to be unacceptable.

The Contractor understands that failure by the County to provide a notice of approval does not constitute approval.

Furthermore:

- a) For each Deliverable made hereunder, the County shall have ten (10) business days, commencing on the first business day after receipt by the County of the Deliverable, to determine whether the Deliverable is approved as submitted, is approved subject to the correction by the Contractor of minor discrepancies, or whether it is unacceptable and therefore disapproved.
- b) Unless an extension of time has been granted by the County pursuant to Article 38 "Extension of Time", within five business days after receipt of the County's notification of "disapproval", the Contractor shall deliver to the County the necessary revisions and/or modifications for a second review by the County.
- c) If after the second review period the Deliverable remains unacceptable for the County's approval, the County may direct the Contractor to:
 - Proceed with the Work subject to the correction of all outstanding deficiencies which led to the County's determination that a Deliverable was not acceptable for approval on or before a specific date established by the County for correcting such deficiency or deficiencies; or,
 - Suspend all Work being performed in regard to the execution of the Agreement, except those services necessary for the correction of outstanding deficiencies, until such time that all such outstanding deficiencies have been corrected by the Contractor and resubmitted to the County for approval. Any suspension of the Work under this provision shall not alter the County's right to assess liquidated damages in the event that the Work are not completed in accordance with other provisions of this Agreement.
- d) The County shall have the right to approve or accept part of any Deliverable. Any such approval shall be regarded as partial and conditional upon the County's approval or acceptance of all aspects of the Deliverable. The Contractor must correct any deficiencies within the time the County specifies for such correction in the County's notice concerning a partial approval (including approvals subject to correction of minor deficiencies) or, if no time is given, promptly. If the County does not subsequently approve or accept all aspects of the Deliverable, the earlier conditional acceptance or approval may, in the sole absolute discretion of the County, be regarded as void and of no effect.

ARTICLE 34. DELIVERY AND INSTALLATION

All Services to be performed against this Agreement shall be delivered and installed as defined in Appendix A "Scope of Services" and the associated Project Timeline according to the Deliverables outlined in Appendix D "Acceptance Criteria" and be paid at the frequency defined in Appendix B "Price Schedule".

The System related Documentation ("Documentation") will consist of the applicable information pertaining to the licensed Software, Hardware, and associated components to be delivered against this Agreement. This includes but is not limited to any and all operator's and user's manuals, training materials, guides, listings, design documents, specifications, flow charts, data flow diagrams, commentary, and other materials and documents that explain the performance, function or operation of individual programs and the interaction of programs within the system; control file and scripts used to compile, link, load and/or make the applications and Systems. The Documentation will in all cases be fully applicable to the use of the System with the Designated Equipment, and will identify and reflect any particular features of the Equipment which may affect the normal use and operation of the System. The Contractor shall deliver to the said Documentation in electronic format. The County reserves the right, to make as many additional copies of the Documentation as it may deem necessary.

ARTICLE 36. EQUIPMENT WARRANTY

The Contractor warrants, for a period of one (1) year from the County's Final System Acceptance, that any Software, Hardware and related components provided by the Contractor under the performance of this Agreement shall:

- (i) Be free from defects in material and workmanship under normal use and remain in good working order, wear and tear excepted;
- (ii) Function properly and in conformity with the warranties in this Agreement;
- (iii) Meet the performance standards set forth in the Scope of Work and the Original Equipment Manufacturer's published specifications.

During the Warranty Period, Contractor agrees to use all reasonable efforts and resources to provide to the County all corrections and/or modifications necessary to correct problems with the Hardware or Equipment provided by the Contractor that are reported to Contractor, at no additional cost to the price identified in the Price Schedule.

During the Warranty Period, Contractor shall enforce the manufacturer's warranty and maintenance obligations relating to the Hardware, Equipment and related Software it provides.

In the event the Contractor's Hardware or Equipment does not satisfy the conditions of performance, the Contractor's obligation is to provide repair at the Contractor's cost and expense, or to provide different equipment, software and services required to attain the performance requirements. Failure by the Contractor to comply with warranty provisions hereof may be deemed by the County as a breach of the Contractor's obligations hereof.

ARTICLE 37. THIRD PARTY WARRANTIES

In addition to the foregoing warranties, the Contractor hereby assigns to the County, and the County shall have the benefit of, any and all subcontractors' and suppliers' warranties and representations with respect to the Licensed Software provided hereunder. In the Contractor's agreements with subcontractors and suppliers, the Contractor shall require that such parties (i) consent to the assignment of such warranties and representations to the County; (ii) agree that such warranties and representations are enforceable by the County in its own name; and (iii) furnish to the County, the warranties and obligations as set forth in Articles 36 "Equipment Warranty".

ARTICLE 38. EXTENSION OF TIME

- a. If the Contractor is delayed at any time hereunder due to any of the following then the affected schedule or the required performance of Work may be extended by the County in the reasonable exercise of its discretion for such reasonable time as the County may determine, subject to the following conditions:
 - i. The cause of the delay is beyond the Contractor's control and arises without its fault or negligence, and arises after the execution hereof and neither was nor could have been anticipated by the Contractor by reasonable investigation; and
 - ii. The completion of the Work will be actually and necessarily delayed by the causes set forth in "i" above; and
 - iii. The effect of such cause cannot be avoided or mitigated by the exercise of all reasonable precautions, efforts and measures whether before or after the occurrence of the cause of delay; and
 - iv. The Contractor has provided a written request and other information to the County, as described in subsection (d) below, within ten (10) days after the time the Contractor knows or reasonably should have known of any cause which might result in a delay for which the Contractor may request an extension of time. The Contractor shall specifically state in such notice that an extension is or may be requested and identify the cause of the delay, describing the nature and its effect on the completion of the affected portions of the Work identified in the notice. If the Contractor shall fail to give the foregoing notice, the right to request an extension for such cause shall be waived. All of the conditions of this subsection (a) must be met in order to be deemed an Excusable Delay.
- b. All references in this Article to the Contractor shall be deemed to include subcontractors and suppliers, all of whom shall be considered as agents of the Contractor.
- c. The period of any extension of time shall be only that which is necessary to make up the time actually lost. The County reserves the right to rescind or shorten any extension previously granted if the County subsequently determines that any information provided by the Contractor in support of its request for an extension of time was erroneous or that there has been a material change in the facts stated.
- d. The County may require the Contractor to furnish such additional information or documentation, as the County shall reasonably deem necessary or helpful in considering a extension request. The Contractor understands an extension of time will not be granted unless

the Contractor affirmatively demonstrates to the County's reasonable satisfaction that the circumstances shown justify such extension.

- e. Within thirty (30) days of its receipt of all information and documentation as may be required by the County, the County shall advise the Contractor of its decision on such requested extension. Notwithstanding the foregoing, where it is not reasonably practicable for the County to render its decision within such thirty (30) day period, it shall, prior to the expiration of such period, advise the Contractor that it will require additional time and the approximate date upon which it expects to render such decision.
- f. Since the granting of an extension of time may materially alter the scheduling plans and other actions of the County and since, with sufficient notice, the County might, if it should so elect, attempt to mitigate the effect of the delay for which an extension of time might be claimed, and since mere oral notice may cause a dispute as to the existence or substance thereof, the giving of written notice as required in subsection (a.) (iv.) above shall be a condition precedent to the Contractor's rights hereunder.
- g. Should any person seek a restraining order, preliminary injunction or an injunction, of which the Contractor becomes aware, which may delay the Services, the Contractor shall promptly give the County a copy of all legal papers received or prepared or received by the Contractor in connection with such action or proceeding.
- h. Neither permitting the Contractor to proceed with the Work subsequent to any missed schedule or performance of any Work (as such date may have been extended pursuant to Article 39 "Extension of Time Not Cumulative") nor the making of any payments to the Contractor shall compromise the County's contractual right to assess liquidated damages or to declare the Contractor in default.

ARTICLE 39. EXTENSION OF TIME NOT CUMULATIVE

In the event the Contractor shall be delayed concurrently by two or more of the causes identified in Article 38 "Extension of Time" above, the Contractor shall be entitled to a separate extension of time for each one of the causes but only one period of extension shall be granted for the delay. In addition, the Contractor shall not be entitled, by reason of a delay, to an extension of time for the completion of the overall Work unless the overall Work is necessarily affected by the delay. Accordingly, in the event of a delay, the Contractor shall proceed continuously and diligently with the performance of the unaffected portions of the Work.

ARTICLE 40. NO DAMAGES FOR DELAY

The Contractor hereby agrees to make no claim for damages for delay, whether contemplated or not contemplated, in the performance hereunder occasioned by any acts or omissions to act of the County, or any of its representatives or other contractors, and agree that any such claim shall be fully compensated for by an extension of time to complete performance of the Work, as provided for in Articles 38 "Extension of Time", Article 39 Extension of "Time Not Cumulative", and "No Damages for Delay".

ARTICLE 41. FORCE MAJEURE

Except as otherwise expressly provided herein, neither party hereto shall be considered in default in the performance of its obligations hereunder to the extent that such performance is prevented or delayed by

any cause, existing or future, which is not within the reasonable control of such party including, but not limited to, acts of God or the public enemy, fires, explosions, riots, strikes (not including strikes of the Contractor's staff personnel), terrorism or war. Notwithstanding the foregoing, the failures of any of the Contractor's suppliers, subcontractors, or the like shall not excuse the Contractor's performance except to the extent that such failures are due to any cause without the fault and reasonable control of such suppliers, subcontractors, or the like including, but not limited to, acts of God or the public enemy, fires, explosions, riots, strikes (not including strikes of the Contractor's staff personnel), terrorism or war.

IN WITNESS WHEREOF; the parties have executed this Agreement effective as of the date herein set forth below.
